Question & Comment by: [Wondwosen Alemayehu](#)

"Ethiopia the Kingdom of God" where in the Bible? Ethiopia is Not a kingdom, rather a divided failed state!! Kingdom is a centralized state where the king reigns!! Who is reigning in Ethiopia by now? Injustice and division and factions are what reigned in Ethiopia! ,,there is the indestructible kingdom of God on The planet earth whose king is Jesus until He consumes and subdues The kingdom of the devil!! Until then the Two kingdoms; God's and Devil's kingdom reign in Ethiopia and the whole World!!!

Our Response from EKoG:-

Dear Ato Wondwosen Alemayehu:

Thank you for your inquest and remarks pertaining to Ethiopia: The Kingdom of God.

We could not visualize whether you would realize or not the fact that you become another neophyte on the ongoing spread of the good-tidings of the aforementioned subject. May we ask where you had been lingering for so long, throughout which time a variety and a multitude of exchanges of knowledge on the topic of Ethiopia: The Kingdom of God was and is still in process via our website and FaceBook forums? On whose subject also all our books and publications pertinent to the same were posted for our interested readers?

Hence, first and foremost, we strongly suggest and urge you to visit the venues referred above in order to help enlighten yourself with the relevant information on the issue at hand.

For now and until then, we simply provide you with the preliminary information that may meet the requirements of your unwarranted ignorance on the subject, and guide you to the full knowledge of the identity and integrity as well as the universality and perpetuity of Ethiopia: The Kingdom of God.

First of all, let us deal with your question of: "Where in the Bible?" meaning, *"is to be found that relates to Ethiopia: The Kingdom of God?"*.

Please be reminded that, we, Ethiopians of The Holy Covenant, as far as our Ethiopian Holy Covenantal Tewahdo Faith is concerned, do not accept and rely upon any written material that is made by human hands, including that of the Holy Bible and all other so-called religious holy books in the world, **unless its words and messages are in harmony with those of what Our God The Creator had Divinely and Naturally put in our innermost being and inscribed on our heart of our human person. Otherwise, they all prove to be null and void.**

We are sure you know that Our Lord Jesus Christ never left us one single word written by His Hand, let alone a book, to remind us and perpetuate His Accomplished Divine Mission on Earth. Do you think that this is because He did not have the literary proficiency to do so? No, not at all. But it is only because He deemed it absolutely unnecessary and unworthy to do so, based on the confirmed consequences of the malicious unworthiness and mortal futility of the Written Laws of Moses given to the Jews. His Incarnate Words and Messages were simply proclaimed and passed on and disseminated by word of mouth in The Divine Truth and The Holy Spirit.

We, in Ethiopia: The Kingdom of God, live in the firm belief that the Human Person whom God made in His/Her Image and identified him/her as an individual who **"Becomes One of Us"** and whose being is composed of the Flesh, the Soul, and the Spirit, IS HIMSELF/HERSELF THE TRUE HOLY INCARNATE BIBLE OF GOD. On this human Bible Incarnate, God inscribed His Eternal Divine Word, so that that person could read it by himself/herself spiritually and transform it into Good Deeds so that his/her other human fellows could read it in actual effect.

Secondly, as you absolutely seem to misunderstood and misrepresent the notion of the entity and the identity of Ethiopia: The Kingdom of God, [Whom we will refer to as "Her" henceforth,] we will simply discard your reckless misunderstanding and misrepresentation of Her, and give you the genuine depiction of Her in brief in the following words:-

1. Ethiopia: The Kingdom of God, as Her designation denotes, is not man-made, but wholly a Divine Entity.
2. Her sovereigns are The Heavenly God The Father and God The Mother, both personified by The Incarnate God The Son and Priestly King Jesus Christ, and by The Incarnate God The Mother and Priestly Queen, The Virgin Mary, Whom Ethiopia symbolizes.

3. Her physical existence, as humanly conceived in Creation, spans an age of 7,508 years to date, and continues to exist as such for eternity.

4. Her sovereignty encompasses, not only the Earthly domain of the Universal Creation, but also that of the whole of the infinite Heavenly realm.

5. All national so-called secular governments, churches and religious bodies throughout the world, including those now ruling in the present Ethiopia, with the consent of their respective peoples, completely and blatantly denied Her, and substituted in Her place, their own creation of man-made and temporal kingdoms, republics, etc., instigated and perpetrated by various academics of ideologies, all representing and serving the evil cause of the Devil.

6. These human institutions, even though they seem to be free to exercise all acts of evil with their God-given discretion which will surely entail a full accountability in the Final Divine Judgement, are all within the sphere of the Omni-potent Power and under the Omni-present Control of The Almighty Ethiopia: the Kingdom of God.

7. Ethiopia: The Kingdom of God, as such, is no more in conflict nor in competition with the evil incursions of the Devil on earth and among humanity, as you noted. She already became triumphant over all that is evil, once and for all, for the past 2008 years, and remains so for eternity, as explained above. In other words, the willing subjugation to, as well as the forced domination by the Devil, both of which acts were committed by human beings, had been done away with, once and for all, by the Ultimate Redemptive Crucifixion of the Lamb of God, followed by the Victorious Resurrection of The Lion of the Tribe of Judah, whose dual representations symbolize Jesus Christ.

Now, what determines the fate of human beings individually and/or collectively, in this world and in the pending one, is simply the choice of the latter, individually and/or collectively, to join either the victorious Jesus Christ, i.e., Ethiopia: The Kingdom of God for the attainment of the Eternal Ideal Life; or the defeated Devil, i.e., The human dominating and oppressive establishments mentioned above that amount to the Everlasting Vicious Livelihood.
